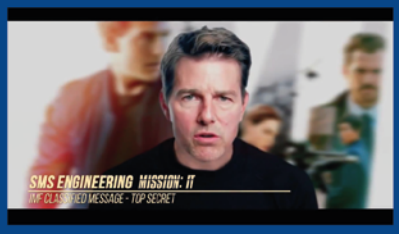
SMS Engineering is the first innovative small enterprise in Italy!

Our *ICT gives more!*



*L'**ICT** che dà più **valore** alla tua **azienda!***

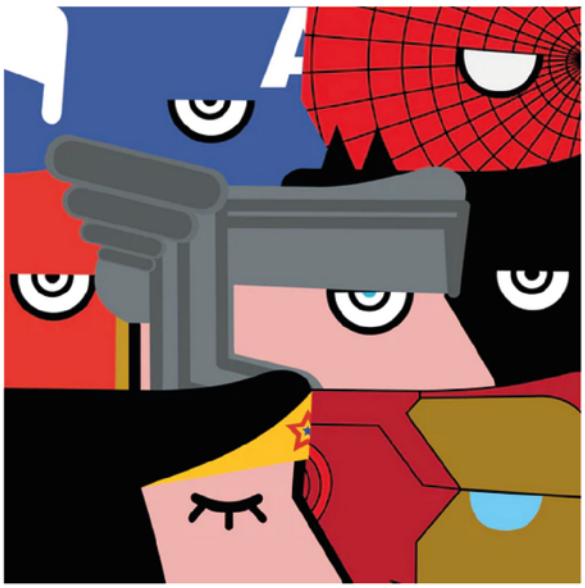
NAPOLI | MILANO | ROMA | FIRENZE | LONDON

www.smsengineering.it

The company

In 2023 SMS Engineering turns 25 years of activity. The company was born thanks to the idea of three students of the Faculty of Engineering of the University of Naples Federico II whom, over the years, some fellow students as collaborators and a brilliant mathematic as a shareholder joined to.

For more than 15 years SMS Engineering has been carrying out an ***excellent Research and Development activity*** which has led to the winning of the National Prize for Innovation by the Presidency of the Italian Republic, as well as 2 times Confindustria (the Confederation of Italian Industries) Enterprise Innovation Award and the European Business Awards Prize - Italy Country Representative. ***SMS Engineering is the only Italian company awarded for innovation by two Presidents of the Italian Republic.*** The company has its HQ in ***Naples*** and offices in ***London, Milan, Rome and Florence.*** Staff ***< 50 Units, Annual*** Turnover ***< € 5.000.000,00 - EBITDA ~ 15% - Enterprise Value ~ € 9.000.000,00***



Mission

Our ***Mission*** is based on the idea that our IT solutions are a factor of growth, innovation and success. We listen to and take care of your needs, improve processes, optimize the cost and performance through our ICT solutions, which are the result of twenty years of solid experience in ***manufacturing, distribution, defense sector*** and ***advanced services.*** We produce a constant action of technology transfer by tailoring the most innovative ICT solutions available on the market on the real needs of our customers.
